Dear Mr. Lamoreaux:

This letter is a follow up to remind you that you are required to post a bond with the BLM for your Alabaster mining operations in Butler Valley. Please submit your bond calculation for these operations to this office prior to July 6, 2001. Our records show that surface disturbance on the Red Ace # 1 and Berry Patch # 3 & 4 claims total 8.5 acres. When calculating your bond amount, please reflect the reclamation cost for a third party contractor and include 18% for administrative management. Preapproval of these calculations are required before the Utah State BLM Office will accept your bond.

In addition, we are still awaiting a revised Plan of Operations (POO) for your Butler Valley mining operations. Please complete your POO in accordance with 43 CFR 3809, and submit it to this office for review and approval prior to August 31, 2001.

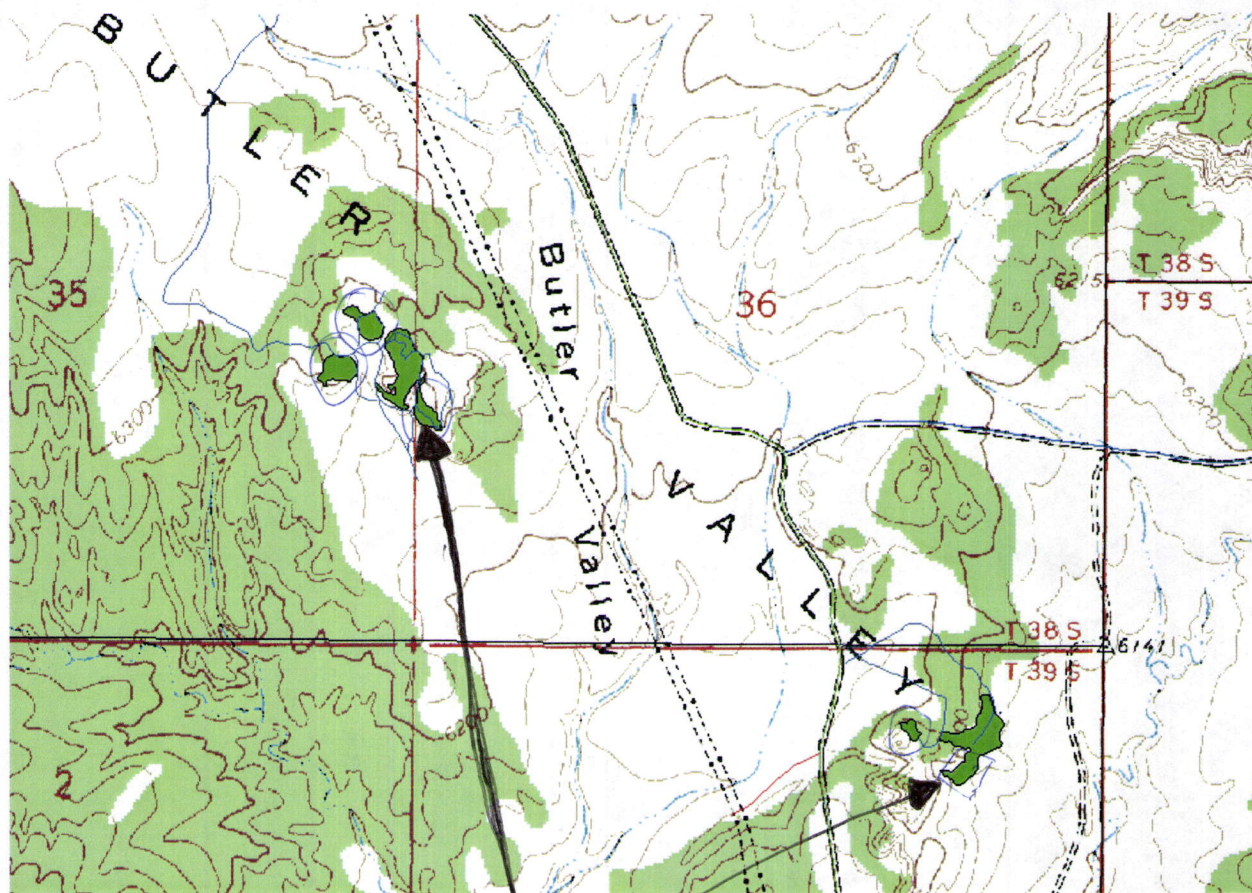

If you have any questions, please contact Mr. Doug Powell at (Tel) 435-644-4323 or (Fax) 435-644-4350.

Sincerely,

Kate Cannon
